

***ATTENTION COMMUTERS AND OTHER USERS OF
THE E. MORELAND AVENUE COMMUTER
PARKING LOT.***

Parking improvements are coming! Effective on or about May 26, 2009 the E. Moreland Avenue Commuter Parking Lot will be closed for approximately four months while the lot is reconstructed. During this time the Borough of Hatboro has secured *free* temporary commuter parking in a designated area of the rear lot at the Station Park Complex located at 330 South Warminster Road, Hatboro. This area is within close walking distance of the Hatboro Train Station. Overnight parking is prohibited. Vehicular access to this temporary lot will be via the traffic light on S. Warminster Road at Chelsea Drive (See reverse side for a map and diagram of the parking area).

As a courtesy to the residents in this area, please do not park on residential streets. Parking violations will be enforced. Thank you for your cooperation during this project.
